

**you
deserve
hope,**

**What is
the Paula
Takacs
Foundation
for Sarcoma
Research?**

In 2010, Paula and Geoffrey Takacs founded the Paula Takacs Foundation for Sarcoma Research in Charlotte, NC – six years after Paula was diagnosed with sarcoma – to fund novel research and raise awareness for this rare and complex cancer.

To date, Paula's foundation has raised over \$2.7 million for sarcoma research, making it one of the most successful grassroots sarcoma foundations in the United States. Although Paula succumbed to the disease in 2014, we passionately continue her work to broaden the global research landscape by investing locally in novel treatment options and research excellence.

To learn about all events we host, visit our website at paulatakacsfoundation.org or connect with us socially.

REV. January 2022

hope.

it's what
all sarcoma
patients
deserve; **it's**
what our
foundation is
all about.

funding local research.
expanding global hope.
amplifying awareness.

paulatakacsfoundation.org

hope, Through Local Sarcoma Research

Our philanthropy founded the sarcoma research program at Levine Cancer Institute, and continues to fund both adult and pediatric research and clinical trials at Levine Cancer Institute and Levine Children's Hospital. Our intention is to improve patient outcomes, enhance quality of life, elevate hope and decrease the need for distant travel for treatment. Through our local philanthropic investment in sarcoma research, we are positively impacting lives in the Carolinas while expanding global hope for cures. Please consult with your physician or navigator to get further information on sarcoma clinical trials at Levine Cancer Institute and Levine Children's Hospital.

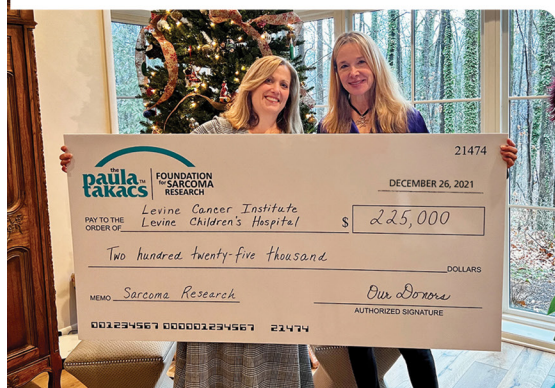

If you would like to donate to help fund sarcoma research, please visit PaulaTakacsFoundation.org.

hope, Through Our Events

Patients who are diagnosed with rare cancers often feel more isolated because they may not have avenues to connect with other survivors. For those individuals and families who have been forever changed by sarcoma, our annual Sarcoma Stomp and other social events provide that vital place to find hope, community, and comfort.

Want to meet other survivors or create a participation team with your family and friends, and promote sarcoma awareness in the Carolinas? Come join us at this fun and uplifting family-friendly event. For more information on the Sarcoma Stomp, please visit SarcomaStomp.org.

To date the Paula Takacs Foundation has donated over \$1,500,000 to further research at Levine Cancer Institute and Levine Children's Hospital.
